PROFESSIONAL SUMMARY

Software Developer with over 4 years of experience building high-performance web applications and automation tools. Specializes in React (Next.js) and Python, with a focus on functional design and technical reliability. Currently leading Jeti Labs, developing software solutions ranging from interactive educational platforms to healthcare systems and automated internal tools. Aiming to leverage a background in Computer Science and infrastructure to transition into Solutions Architecture.

PROFESSIONAL CERTIFICATIONS

Certificate of Completion, New Horizons — September 2021
Certificate No: 74288

- CISCO Certified Network Professional (CCNP)
 - CISCO Certified Network Associate (CCNA)
 - JAVA SE8 Technology
 - Windows Server 2016
-

EDUCATION HISTORY

Bachelor of Technology: Computer Science — 2016 – 2021
Bells University of Technology – Ota, Ogun State, Nigeria

- Cumulative GPA: 3.71 / 5.00
 - Honors: Second Class Upper
 - Final Year Project: Development and Implementation of a Chatbot System for the Bells University of Technology Website
 - Relevant Coursework: Software Engineering, Database Management, Data Structures, System Analysis and Design
-

PROFESSIONAL EXPERIENCE

Founder & Software Developer

Jeti Labs – Nigeria | Feb 2025 – Present

- Developed *LittleQalb*, a web application for Islamic families combining child-first storybook experiences with parent tools using React, TypeScript, and Supabase
- Built a high-performance healthcare platform for *FFB Foundation* using Next.js and GSAP to improve accessibility for underserved communities
- Architected *Visual Vault*, a local-first design workspace using Next.js, IndexedDB (Dexie.js), and Framer Motion for offline functionality

Web-App Developer

Pureweb Technologies – Nigeria | Nov 2021 – Jan 2025

- Built and maintained responsive web applications using HTML, CSS, JavaScript, and PHP/Laravel
- Managed backend services and MySQL databases to support dynamic content and user data
- Collaborated with clients to define requirements and delivered full system documentation
- Performed system maintenance including backups, recovery, and security updates

Lead Software Developer

INEC – Nigeria | Nov 2022 – May 2024

- Led deployment and customization of a Moodle-based Learning Management System (LMS) for national training
- Managed secure import and handling of large-scale trainee datasets under strict cybersecurity standards
- Oversaw system updates and security patches to ensure platform stability
- Conducted technical training sessions for internal personnel

TECHNICAL SKILLS

- Frameworks/Languages: Next.js, React.js, JavaScript, Node.js, Python, PHP, Laravel, Tailwind CSS
- Libraries/Tools: Framer Motion, GSAP, WordPress, Moodle, Adobe Creative Suite
- Databases: MySQL, PostgreSQL, Supabase

EXTRACURRICULAR ACTIVITIES

- Member, Nigeria Association of Computing Students (NACOS)
